### Charts

Digitise your day charts by easily tracking all Sleep, Sunscreen, Toileting and Nutrition health events throughout the day

### Medication Log

Keep track of a child's medication as it's administered, sharing live updates with parents the approved medication that has been provided to their child throughout the day

### Incident, Injury, Trauma & Illness Records

Record injuries, traumas or illnesses as they happen. All records are linked to the child's profile and are accessible to parents via Home, as well as being stored digitally saving the need to print and retain paper copies

### Digital Attendance

Provide educators access to digitally record child attendance and live sync all updates to your master roll.

### Emergency Evacuation & Drills

Simply record and digitally retain all emergency and evacuation procedures every three months, all without the need for an active network connection

### Offline Emergency Lists

A compliant offline emergency contact list detailing child medical conditions and emergency contact information.

### Headcounts

Ensure all children are present and accounted for and correct ratios are maintained at all times by performing digital headcounts throughout the day

### Transport Lists

Assist your service in managing recording attendance and medical/incident events when you and the children in your care are on the move.

### Digital Observations

Help parents feel close when they are far away. A child's educators can send real-time observations, photos and videos throughout the day. Parents can then decide who has access to their child's information.

### Custom Learning Frameworks & Philosophies

Select, customise and tag learning frameworks, curriculum and philosophies for use at your service.

### Parenting Content

Credible child health and development resources from qualified health professionals available in Home and Playground to augment a child's learning journey.

### Reporting

Access reports created through Incident Records, Head Counts and Emergency Evacuations/Drills anytime and from anywhere

### Learning Stories

Capture children's learning with videos, photos and link it to the program

### NQS Tracking

Create folders to store, search & easily find great examples and evidence relating to individual NQS QAs

### Confidential Reflection Notes

Record confidential reflection notes on documents that been created. These notes are internal, only visible to your service.

### Curriculum Plan

Customise your planning for room plans, Canvas, Tables and Reflections

### Portfolios

Access automatically created portfolios for each child, educator and room

### Learning Analysis

Visualise data across rooms, children and custom groups to track and compare learning outcomes. Identify groups where recorded evidence is lacking in certain areas.
